

ADENIYI MICHEAL ADERINTO

PROFESSIONAL SUMMARY

A Technical Product Owner with Business Analysis, product management, systems Integration, Cloud technology, Mobile Communications, Telecommunications, and Digital experience. As a team player within dedicated IT delivery teams, I have owned and driven meaningful initiatives through various software delivery life cycles in order to deliver value. Combining strong analytic and technical skills I have bridged gaps between business and IT teams within the project environment thereby achieving and often exceeding set targets.
